

WATER WORLD!

This half term our topic is titled 'Holidays!' We will be completing lots of exciting learning activities thinking about holidays.

As Scientists we will be thinking about what humans and other animals need to stay healthy.

As Designers we will be making our own Punch and Judy puppets.

As Geographers we will be looking at human and physical features when we are on our trip to the seafront.

As Historians we will be learning about what it was like at the seaside in the past and what people did on their holidays.

This term we will also be completing learning activities in the following subject areas:

In computing we will be using the on-line application Purple Mash. Our focus of learning will be art.

In RE we will be learning about God.

In music we will be learning the songs for our end of year performance and rehearsing the show.

In outdoor PE we will be practising for sports day and playing striking and fielding games.

In indoor PE we will be creating sequences of movements using apparatus.

END OF YEAR SHOW

We are busy rehearsing our show 'Eddie and the Penguins Save the World.' We will shortly be sending out requests for help with some costumes so please watch this space.

SEAFRONT TRIP

We are preparing for our trip to the seafront on Wednesday 3rd July. If you are available to help with this trip please let your child's class teacher know.

NAMED ITEMS

As the weather gets warmer the children are more likely to be taking off their jumpers. Please make sure all items of clothing are named. If you are naming clothes in pen please be aware that even the laundry pens fade after multiple washes. Please take a moment to check your child's clothes are named so they can be returned if they are mislaid.

Yours sincerely,
The Year 2 Team
